Shell Pretesting_precertification drilling mud Questions 1 3 5.pdf

Hanh,

Please find attached a document prepared by Shell in response to Questions #1 (Discharge Volumes), 3 (Once per batch), and 5 (Use of drilling fluids), from the list of question provided to Shell by EPA back in March. The focus of the attached document is Pre-Testing/Pre-Certification of Drilling Fluid/Mud Formulation. More documents will be forthcoming.

I look forward to discussing with EPA any questions or comments on the attached, plus the additional forthcoming documents.

Sincerely,

Greg Horner
